ABOUT THIS LOOK BOOK

A Letter to Your New Home

Dear Homeowner,

This Interior Design Look Book has been crafted exclusively for your new home. Each room is presented in three distinct design styles — giving you the freedom to choose the aesthetic that resonates with your lifestyle.

For every style, you'll find a full-room visualization, a material palette with specific paint shades and flooring recommendations, and an indicative budget range. These are not generic templates — they are generated based on your actual room dimensions, orientation, and natural light.

Use this as your design blueprint when speaking with interior designers, contractors, or while shopping for materials. The style you choose today shapes the home you'll love for years.

Welcome home.
